### Group Communications Worksheets

It is essential that your team learn to speak well and clearly articulate their ideas and solutions. This series presents exercises we've used at our meetings.

#### Tell us a Really Short Story

##### ***How to use this exercise:***

Using the phrases below go around the table have each student tell a 20-30 second story using the provided topic.

Then move to the next student.

When you are done go around the table and have other students recite stories told by their follow team members.

Look for descriptive, vivid stories.

AN EXAMPLE: "I was walking in the woods enjoying the sun on my face, the gentle shade of the trees, and the warm grass on my bare feet. A bright red bird, chattering in the branches distracted me and I fell into an old well. I tumbled into the darkness and landed on a soft bed of old leaves. As the sun set I settled down for the night hoping someone would come looking for me..."
